

ORDINANCE NO. 96.3

VILLAGE OF ALMONT

WATER UTILITY ORDINANCE AMENDMENT

Ordinance No. 121

An ordinance to amend the Almont Village Water Utility Ordinance Number 96 to define certain terms; to provide for tapping fees; and to provide for increased service connection fees.

THE VILLAGE OF ALMONT ORDAINS:

Section 1. Definitions.

E. "DIRECT CONNECTION" is defined to mean a water service connection into an existing water line.

F. "INDIRECT CONNECTION" is defined to mean a water service connection into a new water line which has been installed at the owner's expense either by direct payment or by special assessment.

Section 7. Fees.

A. Tapping Fees. A fee shall be paid to the Village for tapping the water main, installing the corporation stop, furnishing and laying service lines from the main to the property line, installing the stop cork, and installing the shut-off box and meter. The fee for this service shall be the labor cost to the Village for the time spent, the cost of the materials provided, and an additional amount for overhead equal to 20% of the labor and material provided. The owner shall have the option of providing the necessary labor and materials at his own expense rather than paying the tapping fee to the Village. All materials installed to accomplish the tapping of the main shall be the property of the Village.

B. Inspection Fees. A fee, as established by the Village Council resolution, shall be paid to the Village for the cost of inspecting any water connections which are installed by the owner rather than by Village employees.

C. Service Connection Fees. The following fees shall be paid to the Village for the right to connect to the Village water system:

<u>Connection Size</u>	<u>3/4"</u>	<u>1"</u>	<u>2"</u>	<u>4"</u>	<u>6"</u>	<u>8"</u>
